

Challenge 2

Boston Nursery School

Weekly Challenge!

Grown-ups:

Make a jelly at home!

What does it look like? What does it smell and taste like?

Could you make time to make a jelly with your child? Talk to your child about what it looks like and what it smells like. Enjoy eating the jelly and talk about the taste of the jelly and ask your child if they like the jelly. You could even take a picture of the activity and bring it into school to show what you did!

Learning to communicate and follow instructions during an activity is a two-way process and to be a successful communicator, children must learn to listen and respond to instructions.
