

Dinosaur Repeat Patterns

- WATCH THE FILM ABOUT REPEAT PATTERNS FIRST
- Cut out the squares with the dinosaurs in on page 2. Check your child is holding the scissors correctly and sit behind them to assist if needed.
- Get your child to name the colour of each of the dinosaurs.
- Work through each repeat pattern pointing to each dinosaur in turn and describing them before asking what will be next. Stick the correct dinosaur in each box to complete the pattern.
For example - row 1
"Blue dinosaur, green dinosaur, blue dinosaur, green dinosaur, then after green comes?"
- Try making other repeat patterns using beads, pieces of Lego, different shaped pasta pieces or any other objects you have at home.

Answers

Row 1 - blue dinosaur, green dinosaur

Row 2 - purple dinosaur, yellow dinosaur, purple dinosaur

Row 3 - blue dinosaur, yellow dinosaur

Row 4 - Blue dinosaur, blue dinosaur
