

# Kirton Primary School

Primary School's unique Bank and Shop system – Learn and Earn – the BBC has visited the school to record the ground breaking work that is taking place.

Every child at Kirton Primary School, from Y1 to Y6, has a bank account at the school. The children have the opportunity to earn 'money' (the school has its own currency designed by the children) by achieving well academically, representing the school or completing tasks such as attending councillor meetings. The school also has its own shop, full of exciting and often unique merchandise, where the children can spend their hard-earned money. The shop and bank are run entirely by a team of children – who also earn money for the jobs they do.

The school has had much national

acclaim, including Finance Teacher of the Year, Primary Teacher of the Year, a Pearson teaching Award, a Community Education Award, short listing for a TES Award and a Renaissance Award.

The date for the article to air has not yet been released, so keep your eyes peeled!
