

MRS CLARKE'S MINI HERB POTS

Do you fancy a little gardening?

Growing herbs is a great way to get into gardening.

Herbs are a perfect choice with their tactile foliage and their versatility in cooking.

You will need:

*Plant pot

*Compost

*Mini plants/cuttings

*Empty pop bottle

*Teaspoon

Step 1

Fill the pot with compost. Cut four stems from a herb or plant (around 8cm long) and remove the lower leaves.

Step 2

Make holes in the compost around the edge of the plant pot with the end of the teaspoon and place the cuttings in the holes press down gently.
